NOTICE OF PROPOSED RULE MAKING

Adopted: June 3, 1998;

Released: June 12, 1998

Comment Date: August 3, 1998

Reply Comment Date: August 18, 1998

By the Chief, Allocations Branch:

1. The Commission has before it the petition for rule making filed by Mountain Tower Broadcasting ("petitioner"), proposing the allotment of Channel 268C at Wright, Wyoming, as the community's first local aural transmission service. Petitioner states its intention to apply for the channel, if allotted.

2. In support of its proposal, petitioner states that Wright is located in Campbell County, Wyoming (population 29,370),¹ and has a population of 1,236 persons.² Petitioner further states that the allotment would provide Wright with an outlet for local self-expression. Health and safety for the community would be increased due to having a local communication outlet for warning the Wright area of emergency conditions caused by severe weather or other health hazards.

3. We believe the proposal warrants consideration since the allotment of Channel 268C at Wright, Wyoming, could provide the community with its first local aural transmission service. An engineering analysis has determined that Channel 268C can be allotted to Wright in compliance with the Commission's minimum distance separation requirements with a site

¹All population figures are taken from the 1990 U.S. Census.

²We note that Wright is also listed in the 1998 Rand McNally Commercial Atlas as an incorporated community with a post office and a zip code.

restriction of 4.5 kilometers (2.8 miles) east to avoid a short-spacing to the application site for Channel 269C1, Thermopolis, Wyoming.³

4. Accordingly, we seek comments on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, for the community listed below, to read as follows:

| <u>City</u> | <u>Channel No.</u> | |
|-----------------|--------------------|-----------------|
| | <u>Present</u> | <u>Proposed</u> |
| Wright, Wyoming | ----- | 268C |

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

6. Interested parties may file comments on or before August 3, 1998, and reply comments on or before August 18, 1998, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, his counsel or consultant, as follows:

(Petitioner)

7. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules. See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981.

³The coordinates for Channel 268C at Wright are North Latitude 43-45-08 and West Longitude 105-26-33.

However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an ex parte presentation and shall not be considered in the proceeding. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

3. Cut-off protection. The following procedures will govern the consideration of filings in this proceeding.

(b) With respect to petitions for rule making which conflict with the proposals in this Notice, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; Service. Pursuant to applicable procedures set out in Sections 1.415 and 1.420 of the Commission's Rules and Regulations, interested parties may file comments and reply comments on or before the dates set forth in the Notice of Proposed Rule Making to which this Appendix is attached.
